On the morning of 29 July, 1959, the ATIC received a call from a Mrs. [REDACTED], located at [REDACTED] southeast of Dayton. Mrs. [REDACTED] stated that the neighborhood children was picking up some strange looking rocks, and she was afraid they may be radioactive. On the afternoon of 29 July, Major Friend and T/Sgt Bolin departed W-P AFB to investigate the report. Upon the arrival of the two AF men, Mrs. [REDACTED] stated reported that the night before she had started out in her car and as she ~~at~~ was driving ~~this~~ big ball of fire seemed to fall toward her car. She said that it appeared to explode ~~over~~ ~~to~~ above and in front of her. She said she just drove through the falling pieces. A neighbor said they heard a loud noise at this time which sounded like a sonic-boom.

~~The pieces were submitted by~~

Some of the pieces were submitted to the Smithsonian Institution for analysis. The pieces were found to be same coke used for surfacing some secondary roads.
